CAREER OBJECTIVE

To obtain a Software Developer role where I can leverage my skills in Python, front-end, and back-end development to build efficient applications and support the company's technological growth.

EDUCATION

Bachelor of Technology in Bonam Venkata Chalamayya Engineering College **2023 - 2027**
Computer Science and Engineering(GRADUATION)-odalarevu **CGPA: 8.08/10**

Srividya Junior College(INTERMEDIATE)-Narsipatnam **2021-2023**
Maths,physics,chemistry **Percentage:92.2%**

Pentapati Suryarao Memorial Z.P.H School(SSC)-Kothakota **2020-2021**
GradePoints:10.0

TECHNICAL SKILLS

- **Technologies :** HTML5, CSS, Java Script, DSA
- **Languages :** Python, C, Java
- **Frameworks :** Bootstrap
- **Database :** MySQL
- **Tools :** Git, Github, VS Code

PROJECTS

BUDGET APP :

- Built a Python-based budget app with features like transaction tracking, category management, and spending analysis.
- Implemented a Category class with methods for deposits, withdrawals, transfers, and balance checks.
- Created a create_spend_chart function to visualize category-wise spending percentages.
- Demonstrated OOP principles, data structures, and string formatting for clean output.

Shape Calculator App :

- Developed a Python app with Rectangle and Square classes, inheriting from a base shape.
- Implemented methods for calculating area, perimeter, diagonal, and nesting shapes.
- ncluded a visual representation of shapes using ASCII art (get_picture method).
- Demonstrated OOP principles like inheritance and polymorphism for efficient code reuse.

Email Client App :

- Built a Python-based email client with User, Email, and Inbox classes.
- Implemented features like sending, receiving, reading, and deleting emails with timestamp tracking.
- Used OOP principles for modular, maintainable code and simulated inbox functionality.
- Demonstrated datetime handling and string formatting for clean output.

INTERNSHIP

Java Full Stack Web Development Intern:

- Completed a 2-month internship at Talentshine, gaining hands-on experience in Java, front-end, and back-end development.
- Worked on building web applications using Java, enhancing problem-solving and full-stack skills.
- Collaborated on projects, learned industry best practices, and applied tech solutions.

CERTIFICATIONS

- Full Stack Webdevelopment -Talentshine
- FreeCodeCamp Python Certification

SOFT SKILLS

- Creative Thinking
- Problem Solving
